EUFULA, ALA.

EUFULA, ALA. April 7th 1919

Mr H. C. Carlisle
Calaway, Fla.

Dear Sir:-

The Union Female College located here in Eufaula, has for some years been vacant, and it is now claimed by the Measons - Odd Fellows and the City of Eufaula. The recent tornado on 5th March last, damaged the buildings, and rather than attempt to repair them the aforementioned parties are considering selling the buildings to be torn down.

I was born and raised here and have lived in Eufaula all my life. The above mentioned College was built here about 1855 or 56, and I am informed that Mr Calaway donated the ground on which the building stand, on condition that it was to be used as a female College. So I am writing you knowing that you married a daughter of Mr Pitt Calaway, with the view of ascertaining whether it was your father-in-law that donated the land. I have heard that the property was to revert to his heirs when it ceased to be used for the purpose donated.

Yours Truly W. P. Copeland

Dear Papa:-

I got this letter out of the Post
Office at Callaway yesterday and am
sending it to you.

Your son

Howard.
